

UNITED STATES PATENT AND TRADEMARK OFFICE

Commissioner for Patents
United States Patent and Trademark Office
P.O. Box 1450
Alexandria, VA 22313-1450
www.uspto.gov

Date : March 21, 2006

Patent No. : 6,856,627

Inventor(s) : Saleh et al.

Issued : Feb. 15, 2005

For : METHOD FOR ROUTING INFORMATION OVER A NETWORK

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule 1.322.

Respecting the alleged error(s) in Item (56), References Cited, after review of the application by Supervisory Patent Examiner Hassan Kizou, the following comments were cited in the response, "There is no record showing that the patents in question were submitted in any IDS". Therefore, being no fault of the Patent and Trademark Office, no correction(s) is/are in order here under United States Codes (U.S.C.) 254 or 255 and the Code of Federal Regulation (C.F.R.) 1.322 or 1.323).

In view of the foregoing, your request in this matter is hereby denied.

Note: This is a general hint, which may decrease the processing time of your request:

Certificate of Corrections are issued to correct errors of minor nature, i.e. typographical, spelling or grammar errors, errors not considered "critical information"; which are correctable under the provisions of 1.322a; or applicant's errors correctable under the provisions of 1.323. If you obtain data that clearly shows the attorney/applicant is not in error, simply include supportive documentation and associated post card receipts, along with your certificate of correction or reconsideration via postal mail, not by fax. If you do not have supportive documentation that clearly shows the attorney/applicant is not in error and verifies that the PTO is in error regarding the matter in your request - then, the appropriate fee of \$100.00 with your "Certificate of Correction" or "Reconsideration Certificate of Correction" - will be necessary. Without supportive documentation, depending upon the matter in your request, it is possible - that in addition, a petition with its appropriate fee of \$130.00 may be necessary, or the request may be denied. Please be advised that - "identification of the exact point of error by reference to column and line number of the printed patent" provides clarity for processing a request. Please see the MPEP for further instruction and understanding.
